

# MARINE CONSTRUCTION

C.A. Murren has an extensive background in marine construction in both the private and public sectors; in-house marine engineering & design is also available as an option in meeting the needs of our clients. Our experience encompasses a wide variety of specialty projects such as:

- Barge Unloaders & Haul Systems
- Cofferdams & Coffercells
- Dry Docks
- Fender Systems
- Jetties & Breakwaters
- Intakes & Outfalls
- Marinas, Ports & Terminals
- Piers & Bulkheads
